CHAPTER XV COURSING ABILITY TEST REGULATIONS

PURPOSE. The purpose of the AKC Coursing Ability Test is to provide all dogs and their owners an enjoyable, healthy activity in which they can participate. Based on the sport of lure coursing, Coursing Ability Tests will serve as an introduction to the sport for all eligible dog owners. Dogs run singularly and are required to complete their course with enthusiasm and without interruption within a maximum amount of time. The Coursing Ability Test is a pass-fail event. All applicable administrative regulations governing Lure Coursing Tests shall apply to Coursing Ability Tests unless specifically addressed in this chapter.

ELIGIBILITY TO ENTER. Coursing Ability Tests are open to all dogs at least 12 months of age that are individually registered with the AKC, recorded in the Foundation Stock Service (FSS) program, individually registered with a foreign or domestic registry organization whose pedigrees are acceptable for AKC registration, dogs granted a Purebred Alternative Listing (PAL) number, dogs with AKC Limited or Conditional Registration, or dogs enrolled in the AKC Canine Partners program. Dogs with breed disqualifications and monorchid/cryptorchid dogs are eligible to participate. Females in season may not enter. A dog may enter only once per event. (An event is defined by an event number.)

CLUBS ELIGIBLE TO HOLD COURSING ABILITY TESTS. Any club licensed to hold AKC Lure Coursing events is automatically licensed to hold a Coursing Ability Test. An all-breed or group club licensed for conformation, obedience, or agility may apply to the Performance Events Department to become licensed to hold Coursing Ability Tests. The Performance Events Department will also consider exceptions on a one-time basis for any AKC licensed club to hold a Coursing Ability Test under unique circumstances.

INSPECTION COMMITTEE. An inspection committee consisting of at least two persons who are members of the field committee shall inspect each entry for lameness, fitness to compete and females in season. Inspection shall take place prior to any form of wrapping being applied to the dog. In the opinion of the inspection committee, any entry found to be lame, unfit to compete or a female in season shall not be allowed to enter and entry fees shall be refunded.

ELIGIBILITY TO JUDGE. All AKC approved Lure Coursing event judges are approved to judge a Coursing Ability Test.

COURSE DESIGN. The course shall be designed with safety for non-sighthound breeds as a primary consideration. There shall be no turns more acute than 90 degrees. The total length of the course shall be no less than 600 yards and should be as close to 600 yards as is possible. The lure will consist of plastic strips. Depending of the size and type of dog, the dog will run either the full course or a 300 yard course. The 300 yard distance shall be clearly marked. Safety is of utmost importance. Many of the dogs running the Coursing Ability Test will not possess the agility of a sight hound and this must be a consideration in the design of a course

DISTANCE AND MAXIMUM TIME. Dogs run singularly. **300 Yard Course.** This distance is for dogs shorter than 12 inches at the withers and/or brachycephalic (“flat-faced”) dogs. A dog must complete this course in less than 1½ minutes. **600 Yard Course.** This distance is used for all dogs that do not run the 300 yard course. A dog must complete this course in less than 2 minutes. If there is a question which course a dog should run, the judge will decide. The premium should state the distance for each course and the eligibility of dogs for each course.

COLLAR/PARAPHERNALIA. Dogs may wear any collar except a choker collar, a collar with prongs or an electronic training collar. The collar should be snug to minimize the chances of getting hung up on something during the run. Owners should be aware that there is a chance that tags hanging from the collar could become entangled on something during the run. Owners may use clips or rubber bands to hold the dog’s hair. The owner assumes responsibility for the safety of the dog with regard to the dog’s collar and paraphernalia on the dog.

PASSING PERFORMANCE. The Coursing Ability Test is a pass–fail event. In order to pass, the dog must complete the course with enthusiasm and without interruption within the maximum amount of time for the course length. The judge keeps the official time and decides the merits of the dog’s performance

RIBBONS OR ROSETTES. A club holding Coursing Ability Test shall offer a ribbon or rosette to each dog that receives a qualification toward a Coursing Ability title. Ribbons or rosettes shall be orange in color.

COURSING ABILITY TITLES

Three titles will be awarded for dogs that past the Coursing Ability Test the required number of times. These are suffix titles that will appear on a dog’s pedigree with a higher level of title.

Coursing Ability (CA) - Awarded to a dog that passes the CAT three times under at least two different judges.

Coursing Ability Advanced (CAA) - Dog passes the CAT ten times.

Coursing Ability Excellent (CAX) - Dog passes the CAT 25 times.

Coursing Ability Excellent 2 (CAX2) - Dog passes the CAT 50 times.

A higher numbered title will be awarded for every additional 25 passes

NOTICE TO ALL EXHIBITORS

For the safety of the dog, and as a courtesy to other entrants, a testing dog Should have reliable recall.

A penalty of up to \$10.00 may be assessed for any dog causing an excessive delay of the event if it cannot be recalled or retrieved from the field. Dogs that delay the event because they cannot be recalled by their owners may be refused entry at future events.

The huntmaster is responsible for field safety and therefore they are in complete charge of all dogs and handlers on the field. They have the authority to stop the lure in any potentially dangerous situation, and signal the handler to retrieve a testing dog.

Listen to the huntmaster and follow their instructions promptly and swiftly.

Any decisions made by the officiating judge(s) regarding the performance of an entered dog shall be final. Full discretionary power is given to the judge to withhold any and all qualifications for lack of merit. The judge is responsible for ensuring compliance with the AKC regulations on the field.

Exhibitors should follow their veterinarian’s recommendations to assure their dogs are free of internal and external parasites, any communicable diseases and have appropriate vaccinations.

Coursing is an athletic activity that can tax a dog’s physical strength. Dogs that are overweight and/or out of condition may be at greater risk for injury and exhaustion. The Inspection Committee has the authority to disallow a dog’s entry into a test, and in such instances, applicable entry fees will be refunded.
